Brothers and sisters,

Due to the circumstances we must adhere to, the Election Committee will be allowing acceptance letters for nominations. This has been a common practice for members who are unable to make a nomination meeting.

In order to ensure a successful and efficient nomination, the Election Committee will require all members to be formally nominated on the telephone townhall. In lieu of a member accepting the nomination via phone, a letter will be sufficient. If a member cannot produce a nomination acceptance letter, they must accept the nomination via phone during the nomination process. Guidelines for joining the meeting and nominating process have been posted on the Local 157 website (carpenterslocal157.org). All letters need to be signed and emailed to the Local 157 (localunion157@gmail.com) office prior to the nomination meeting. No letters will be accepted after the nomination process has begun. Hard copies can be mailed to the local office or hand delivery options can be arranged.

The acceptance letter **MUST** include: member's full name, full U.B.C. number, position nominated for and that the member accepts that nomination, the date of nomination (June 2), and the member's signature. Notarized letters will not be required due to bank and other business closures.

Any questions of concerns should be emailed to the Local 157 office at localunion157@gmail.com.

Fraternally,
Dennis McCarvill
Chairman – Local 157 Election Committee
